

# Edmentum Products & Special Pricing

## OPSRC/EDMENTUM PARTNERSHIP

As education evolves to include more blended learning styles, we believe adding additional high-quality learning options will help to individualize education for every student and set each child up for success.

To help schools achieve their learning goals, OPSRC and Edmentum have partnered to bring member schools discounted rates for all the products listed below; the reverse side shows price listings.

If you have any questions or are ready to get started, contact Jason Midkiff at [jason.midkiff@opsrc.net](mailto:jason.midkiff@opsrc.net).

## EDMENTUM PRODUCT OFFERINGS

### Exact Path:

Diagnostic assessment that pinpoints students' individual learning gaps & academic strengths within vertical K-12 skills progression. Students' performance will help benchmark learning needs & chart growth. The product can also integrate with NWEA's MAP and Renaissance's STAR assessments.

### Courseware:

Standards-aligned online courses for grades 6-12 set in an easy-to-use learner dashboard that empowers students to monitor their own tasks and progress. It also provides educators unmatched visibility into pacing a progress for quick intervention.

### EdOptions Academy:

K-12 virtual learning with an Oklahoma-certified teacher of record. The content provides rigorous and engaging content with teachers giving personalized attention for each student.
