

Oklahoma Public School Resource Center

## What is the Innovative Schools Cohort?

Join a group of schools from across Oklahoma who work together to explore new ideas and redesign learning in their communities with two main goals:

- Building a community of school leaders focused on innovation and accelerating student achievement.
- Developing participants' capacity to lead and implement effective change.

### The cohort will explore and discuss topics like:

- Future trends
- Instructional design
- Change management
- Culture & team building

## What to Expect?

### Schools will commit to:

- Creating a 3-4 person innovation design team (district, site, and teacher leaders)
- Innovating to impact student outcomes
- Attending four cohort meetings
- Collaborating, sharing ideas, and questioning the status quo

### OPSRC will provide:

- Four site visits
- Four cohort collaboration days
- Resources, research-based strategies, and training for effective implementation

## Participating Schools

- |                |             |                        |
|----------------|-------------|------------------------|
| • Marietta     | • Wyandotte | • Justice              |
| • Pauls Valley | • Cushing   | • Jennings             |
| • Harrah       | • Springer  | • Fort Cobb-Broxton    |
| • Lexington    | • Le Monde  | • Harding Independence |
